REMOTE ONLINE NOTARY—FREQUENTLY ASKED QUESTIONS

Beginning January 1, 2020, Florida notaries may register to perform remote online notarizations (RONs).

What is a remote online notary?

A remote online notary is a commissioned notary public who is also authorized to perform notarizations online using audio-video technology standards that meets the requirements set forth in Chapter 117, Florida Statutes, and Chapter 1N-7.001, Florida Administrative Code.

How can I become a remote online notary?

To register as a remote online notary, please follow these important steps:

- Review statutes and rules related to notaries public and remote online notaries public.
- Complete a remote online notary education course covering the duties, obligations and technology requirements for serving as a remote online notary.
- Obtain a \$25,000 notary bond.
- Obtain a notary errors & omissions insurance policy in the minimum amount of \$25,000.
- Select a RON service technology provider that is compliant with Florida law.
- Complete the registration form (see attached). The registration form will need to be notarized by another notary.
- Submit the completed registration form along with payment of \$10 by check payable to the Florida Department of State. You must include proof of your bond and insurance policy, a copy of your appointment as a notary public and evidence of completing a course for remote online notaries.

Is remote notarization the same as electronic notarization?

Many believe they are the same, but they are not. While electronic notarizations involve documents signed and notarized in an electronic format, all other elements of a traditional notarization apply, including the signer physically appearing before the notary. With remote notarizations, the transaction is performed online through means of audio-video technology rather than in person.

What kind of technology will I need to perform remote notarizations?

You will need to partner with a remote online notarization service provider whose technology complies with standards and requirements pursuant to Chapter 117, Florida Statutes, and Chapter 1N-7.001, Florida Administrative Code.

Can I use Skype or FaceTime to perform notarizations?

No. Apps such as FaceTime, Skype and Google Duo do not meet the requirements for a RON service provider set by Florida Statutes.

May I use my current Errors & Omissions Insurance Policy as a remote notary?

No. You will need to purchase a new E&O in the minimum amount of \$25,000; this is a separate RON policy.

May I use my current bond to become a remote online notary?

No. Your current notary bond is in the amount of \$7,500. You will need to purchase a new bond in the amount of \$25,000.

How long is the remote online notary registration valid?

The registration will run concurrently with your existing notary public commission and will expire on the same day, regardless of when the online notary registration was filed.

How long is the \$25,000 notary bond in effect?

The notary bond will run concurrently with your existing notary public commission and will expire on the same day, regardless of when the online notary registration was filed.
