

Company Errors & Omission Insurance

Protect your notarial activities from a law suit.

Company Errors & Omissions Insurance covers all employees of an employer who hold a notary commission. The employee is the "insured" and the employer is an "additional insured" under the policy. The employee is covered for notarial services on or off his employment activities. The one year policy premium for the group policy is determined by the number of notaries employed by the employer at the inception of the policy. New employees who are notaries are automatically covered by the policy until renewal when the "number of notaries employed" needs to be updated on the policy. Terminated employees who are notaries are no longer protected by the policy.
